

1960 Austin Healey 3000 MK I BN7

Sold at Auction; \$79,200.00 Lot# 650

Restoration complete 3/2009 by Tom Rocke of Healey Lane Restorations, Riverside California

One of the most desired Healeys to own, is the two-seater version of the 3000 MKI Roadster with its simple to tune H6 carburetors. It retains the classic elegance of the 100-4 two-seater configuration enhanced by the longer wheel base of the big Healey. Features such as the 145 horsepower 3.0 liter engine, disc brakes and alloy body panels weighing in under 2400lbs makes this car deliver driving performance far above the early cars and only dreamed of by the later heavier touring cabriolets. There were less than 1200 of these rare cars made which makes it a stand out at Healey meets and car shows.

This exceptional stunning example shown here has benefited from an exhausted nut and bolt, fully documented ground-up restoration by Tom Rocke, Healey Lane Restorations of Riverside California. The exterior has been painted with two-stage urethane paint of Black over Ivory and polished to a high-gloss finish. The interior has Amblia covered seats done in black with ivory piping, black wool carpets, leather covered dash with rebuilt and recalibrated original gauges, new steering wheel, new front wind screen, new side curtains, black English canvas soft-top, and black tonneau cover.

The transmission and engine have been rebuilt using all new components and accessorized with jet-coat manifolds and stainless steel exhaust system. Additionally the radiator has been re-cored and the fuel tank has been refurbished with a lifetime warranty. To complete the restoration, Dunlop chrome wire wheels with 175R15 Radial Road Speed Tires have been installed including the spare.

This recently restored example has only been driven a few test miles to ensure the work performance was of the highest quality. It is fresh and ready for the next owner to enjoy on the open road or concourse circuit. Car comes with fully photo documented restoration and British Heritage Industry Motor Trust certificate.

1960 Austin Healey 3000 MK I BN7

Lot# 650
