

1960 Austin-Healey 100/6 w/3000 upgrade Sold at Auction \$84,700.00 Lot # 959.1 1/21/11

Restoration completed 12/2010 by Tom Rocke of Healey Lane Restorations, Riverside California

The 1960 Austin Healey BN6 two seater, is one of 3900 ever made and is the Healey most sought by collectors. With it's simple to tune H6 carburetors and longer wheel base, yet the classic elegance of the 100-4 two-seater configuration.

- Dupont 2 stage Poly Urethane 5-Star chroma base paint, color Nasa Blue, was used for the exterior color of this car.
- The body panels and chassis were shot blasted to bare metal before being painted with the basecoat color and then clear coat.
- Complete new interior, blue seats with silver trim, matching blue wool carpets, new panel kit, new trunk kit, new side curtains, Blue top and Blue tonneau cover.
- All chrome, interior and exterior pieces are triple plated.
- All new parts were used when rebuilding the 3 liter 130hp engine, transmission and overdrive and the ancillary systems were given the same treatment.
- All new cloth wiring harness has been installed along with new or rebuilt electrical components.
- A complete new fuel system was installed, including new tank and lines all the way up to the newly rebuilt 1.75 SU carburetors.
- The exhaust has been jet-coated and fitted to a new steel exhaust system.
- All new brake lines, master cylinder, front disc brakes and jet-coated rear brake drums.
- New front and rear suspension
- Dunlop chrome wire wheels and road speed tires.

No expense was spared in this restoration as most or all parts were purchased new from England. A fully documented photo restoration and British Heritage Trust Certificate accompanies this car. We stand behind the cars we make and offer a bumper to bumper one year warranty on the car.
